-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. Receipt is acknowledged of a response filed September 12, 2005.
2. It is noted that the substitute specification filed April 14, 2005 has not been entered because it does not conform to 37 CFR 1.125(b) and (c) because: marked-up copy for the specification is not attached although no new matter statement has been mentioned in the response letter filed September 12, 2006.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-3, as understood, are rejected under 35 U.S.C. 102(b) as being anticipated by Tracy (US 4,824,287).

Tracy discloses a septic system comprising used tires (22) glued by chemical sealing or cement (24, see Fig. 2, col.4, lines 15-23) or fastened together with bolts or other fasteners (56, see Fig. 6) and covered at one or more ends with an end cap (28, 67) consisting of butyl rubber or other material/steel and further discloses the inherent method for converting used tires into a useful product by gluing or fastening them together with bolts or other fasteners, and fitting one or both ends with end caps if desired (see Figs. 1-9; col.3, lines 65-68; col.4, lines 1-68; col.5,

Art Unit: 3673

lines 1-68; col.6, lines 1-56).

Response to Arguments

5. Applicant's arguments with respect to claims 1-3 have been considered but are moot due to lack of proper argument regarding claims 1-3 as mentioned earlier in the office action mailed August 29, 2005.

With respect to the applicant's invention, applicant explained the distinctiveness of the present invention over the prior art discussed to Tracy (US 4,824,287). However, the feature of the invention in the argument is directed to the sewage treatment system and method as recited in claims 1-2 which presumably were the claims of related application 10/816,315 filed April 2, 2004 as mentioned in the first paragraph in the office action mailed August 29, 2005.

It is understood that applicant stated in the remarks, page 3, 1st paragraph "In light of these explanations, I respectfully request that you please reconsider your denial of **claims 1-3.**" which is the claimed feature of **claims 1-3** filed July 6, 2004.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 3673

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jong-Suk (James) Lee whose telephone number is (571) 272-7044. The examiner can normally be reached on 6:30 am to 3:00 pm, Monday thru Friday.
